Strike

1) Over the last 20 years

2) The population of the world has increased by 50%.

3) The world's population is growing at a rate of 1.2% per year.

4) The world's population is projected to reach 9.7 billion by 2050.

5) The world's population is projected to reach 10.4 billion by 2100.

6) The world's population is projected to reach 11.2 billion by 2150.

7) The world's population is projected to reach 12.1 billion by 2200.

Handwritten mathematical expressions at the top of the page, including terms like $\frac{1}{2} \ln$ and $\frac{1}{2} \ln$.

Handwritten mathematical expressions, possibly involving logarithmic functions and constants like $\frac{1}{2} \ln$.

Handwritten mathematical expressions, including terms like $\frac{1}{2} \ln$ and $\frac{1}{2} \ln$.

Handwritten mathematical expressions, possibly involving logarithmic functions and constants like $\frac{1}{2} \ln$.
